Thanks, Katie.

I hear you will be departing for a detail sometime in July. What is the date and for how long? Would like your help in reviewing the OR CZARA ag comments and hoping to talk with you.

Susan,

Thank you for checking, I'll follow back up with Phil to confirm that he is receiving the appropriate emails. My one edit is to remove Rick seaborne and add Carlin.Jayne@epa.gov. She is taking over as the NPS coordinator this spring. Ex. 6 - Personal Privacy

Thanks!
Katie

Hi Katie,

My apologies for the delay - playing a little catch-up after being out last week at a conference. I saw your email from last late week re: Phil Crocker (crocker.philip@epa.gov) and Brad Lamb (lamb.brad@epa.gov) contact for the 319 call invite list. I used this earlier list from the email below and it looks like they are both on it. There haven't been any other calls of the 319 workgroup other than a state only call in early April to go over the draft letter we are sending to EPA/NRCS on NWQI. So they have not missed anything :) I also received a note from Susan Keydel about adding her to this list, so I will add her for next calls going forward. I am about to pin a time for a June 5th call and once confirmed that it still works for EPA HQ, I will be sending that out more broadly.

If there is anyone from the list below that should be removed or anyone else that should be added please let me know when you have a moment.

Thanks!
Susan

Thanks Susan,

I hadn't sent an announcement out to the regions - I thought they were on the list. But when I asked Steve Schaff to join the call to talk, he wasn't aware of it. Here is the list of regional coordinators, please just add them to your invite. Thanks so much! As soon as I see the agenda, I'll send it out to them, too.

Schaff.Steve@epa.gov; Fancieullo.Sandra@epa.gov; Somboonlakana.Donna@epa.gov; Suffian.Fred@epa.gov;
Brown.Yolanda@epa.gov; Farzaad.Marjan@epa.gov; Davenport.Thomas@epa.gov; Monahan.Peter@epa.gov;
Yin.Christina@epa.gov; Seaborne.Rick@epa.gov; Lamb.Brad@epa.gov; Gluckman.Matthew@epa.gov;
Thomas.Chris@epa.gov; Croxton.Dave@epa.gov; Lueckenhoff.Dominique@epa.gov; Watson.Jane@epa.gov;
Rollwagen.Janice@epa.gov; Hunter.Johanna@epa.gov; Merrill.Larry@epa.gov; Hamjian.Lynne@epa.gov;
Crocker.Philip@epa.gov; Ziegler.Sam@epa.gov; Ausubel.Seth@epa.gov; Kovac.Steve@epa.gov; Selle.Tony@epa.gov;
Swenson.Peter@epa.gov; Keydel.Susan@epa.gov; Bloom.Judy@epa.gov; Jones.Curry@epa.gov;

Katie

Thanks Katie! I just pushed a draft out to Jaime to take a quick look at. Once I hear from her, I will send over to you all.

Also, I just wanted to double-check that you all are still pushing these invites out to EPA Regional contacts? I've been trying to include anyone that I show the invite was forwarded to in the past for the next invite, but I don't think that covers all Regions. let me know. Or alternatively, if you want to provide me with a list of all the regional contacts to include going forward.

Best,
Susan

Hi Susan,

I have Paul Thomas from Region 5 and potentially Steve Schaff from R7 available for the call. Steve will step out of a training to join just for that time, so I need to get him the final agenda to be sure he can join. Once you have that final, I'll also send it to the EPA Regional Coordinators.

Thanks,
Katie

Thanks Katie & Lynda,

Jaime and I think the agenda looks solid – we may just want to reserve 5 min at the beginning for a brief roll call to see who is on the line and possibly for Jaime to make a couple brief opening remarks before turning things over to Lynda. Let me know if that works for you all.

I'll put together a revised agenda with the dial-in based on the below and send over to you on Monday morning to populate with any particular Regional folks you confirm for that portion. Sound good?

Have a good weekend,
Susan

Susan and Jaime,

Thanks for the call Susan. We are good to go and as you feel appropriate, be in the driver's seat for the call Tuesday. Here is a proposed agenda that you can edit; note I've got calls in to some regional coordinators so I don't have names down for the 2:20 slot, but I'll get that firmed up by Monday.

Here's a proposed draft agenda for Tuesday:

Topic for Discussion with States: Growing State WQ Agency – NRCS Relationships
EPA and state water quality programs can benefit from stronger ties with USDA-NRCS at the federal and state level. We continue to struggle with nutrient contributions from agricultural nonpoint sources and the effect on water quality. We have an opportunity to grow stronger, lasting relationships with NRCS, expanding on the opportunity afforded by the National Water Quality Initiative. At the state level, the water quality agencies have the best opportunity to collaborate with NRCS to ensure that critical funding for conservation implementation occurs in priority watersheds, on lands that have been identified with a high need for treatment.

2:00 Overview of desired outcome (Lynda Hall)

2:20 Regional perspectives

2:30 Input from states; general discussion

3:00 Next steps

Let me know if you need anything else.

Thanks,
Katie

Susan and Jaime,

I may have dropped the ball on this; Ex. 6 - Personal Privacy but we are still interested in having the 319 call on Feb 25 cover the topic of growing relationships with NRCS. Lynda had previously suggested that we might engage 2-3 states to share their experiences and especially suggestions for others on the modes of engagement with USDA that have proved most useful.

Jaime, do you still have the names of a few states who volunteered on the first call to share their experience successfully engaging with NRCS, and if so do you think they would be willing to jump on at this point?

I'm happy to help put together the agenda for this today. Let me know what you think.

Thanks,
Katie
